Your Step-by-Step Guide to Booking Injury Recovery Massage

If you've been injured in an accident or are recovering from a work-related injury, follow these steps to ensure a smooth booking process.

Step 1: Get a Prescription

A doctor, chiropractor, or physical therapist must provide a prescription stating that massage therapy is medically necessary for your recovery. It should include the diagnosis code and general treatment recommendations, such as frequency and duration. As your massage therapist, we will determine the best approach based on your condition and needs.

Step 2: Verify Insurance Coverage (If Applicable)

Check with your insurance provider to confirm:

- Coverage for massage therapy
- Session limits and remaining benefits
- Claim details (provider name, claim number, adjuster's contact info)

Step 3: Using a Lien?

We do not accept direct liens from attorneys. You must work with an approved lien company. If needed, we can refer you.

Step 4: Complete a Medical Release Form

This allows us to verify treatment with your provider and coordinate with insurers or therapists if needed.

Step 5: Sign Financial Agreement

You're responsible for any uncovered costs. If insurance denies coverage, you agree to self-pay or secure alternative funding. Missing documents may delay your appointment.

Final Step: Submit & Schedule

Once all documents are ready, submit them for verification. We'll contact you to schedule your session.
